Wodify Arena Smart Start™

Step into the arena.

Wodify Arena is a competition management solution integrating event setup, live judging and real-time scoring into a single application. It's the easiest, fastest way to run amazing competitions from registration and promotion, all the way to the final podium.

• **Seamless event setup**

Build competitions quickly. Wodify Arena's step-by-step process covers everything needed to run hassle-free events, including payment, registration, ticketing and promotion.

• **Real-time dashboards**

Pull data on tickets sales, revenue and more! Wodify Arena keeps a finger on the pulse of every competition.
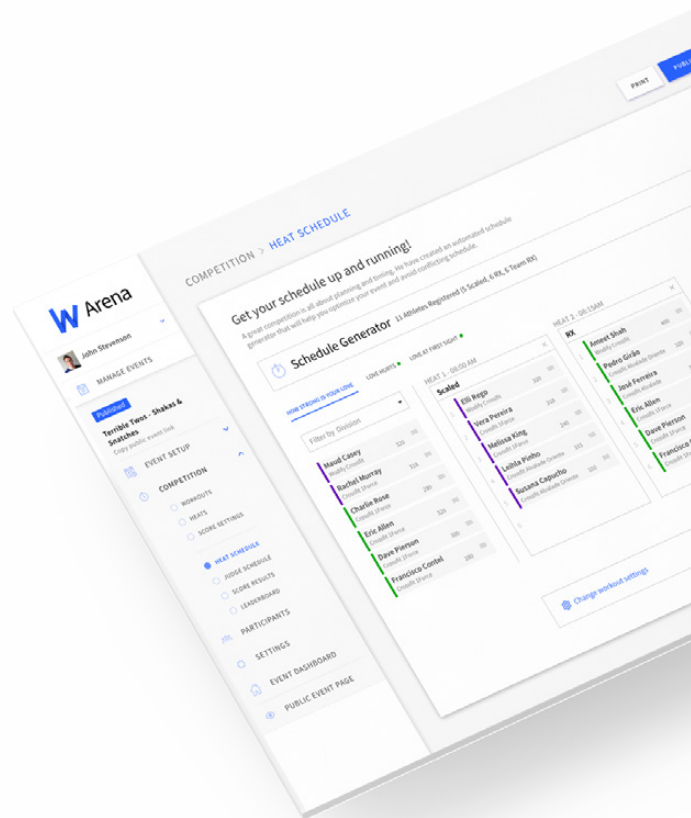

• **Strategic matchups**

Wodify Arena Smart Start™ is the heat assignment tool that saves time while raising the stakes of every competition. It quickly grabs athletes' benchmark data to create compelling face-offs and build suspense.
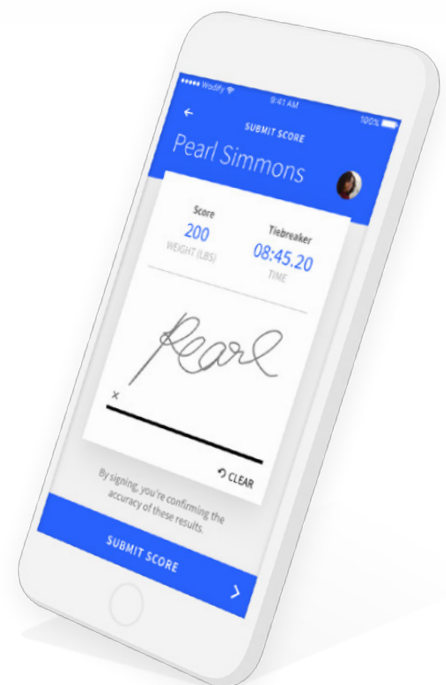

• **Plan events for free**

Wodify Arena is free to use for all free events and competitions. For paid events, organizers can pass fees onto ticket buyers.

Ditch the scorer's table

Wodify Arena works seamlessly with Wodify Judge, the comprehensive app designed to make judging fitness competitions fast, easy and accurate. With Wodify Judge, judges have the full competition schedule and their personal assignments right at their fingertips. Best of all, they can enter scores, collect athlete's signatures and publish instantly. No pencils necessary!

Legendary competitions start here

Competitions descend into chaos without proper preparation. To ensure they run smoothly, event organizers need a structured step-by-step planning and scoring process.

Wodify Arena is that process. By streamlining setup, scheduling and scoring, organizers can spend less time problem-solving and more time enjoying the competitions they worked so hard to create.

Launched in 2017 as Wodify Technologies' competition management solution, Wodify Arena works alongside its sister products — Wodify Core and Wodify Rise — to connect the world to the future of fitness.

"Wodify Arena made everything super easy. We just got to watch the competition and enjoy the day."
