

Rise to the challenge.

Wodify Rise is an all-in-one platform for creating and organizing digital lifestyle challenges for fitness communities. The Wodify Rise mobile app helps participants complete daily tasks, track progress, and stay on top of fitness goals.

- **Simple challenge creation**

Design and build challenges quickly with our step-by-step process. Wodify Rise covers a wide range of popular challenges: nutrition, fitness, weight loss, wellness, and more. Use the flexible templates to create specific tasks and establish a point system.

- **Affordable pricing**

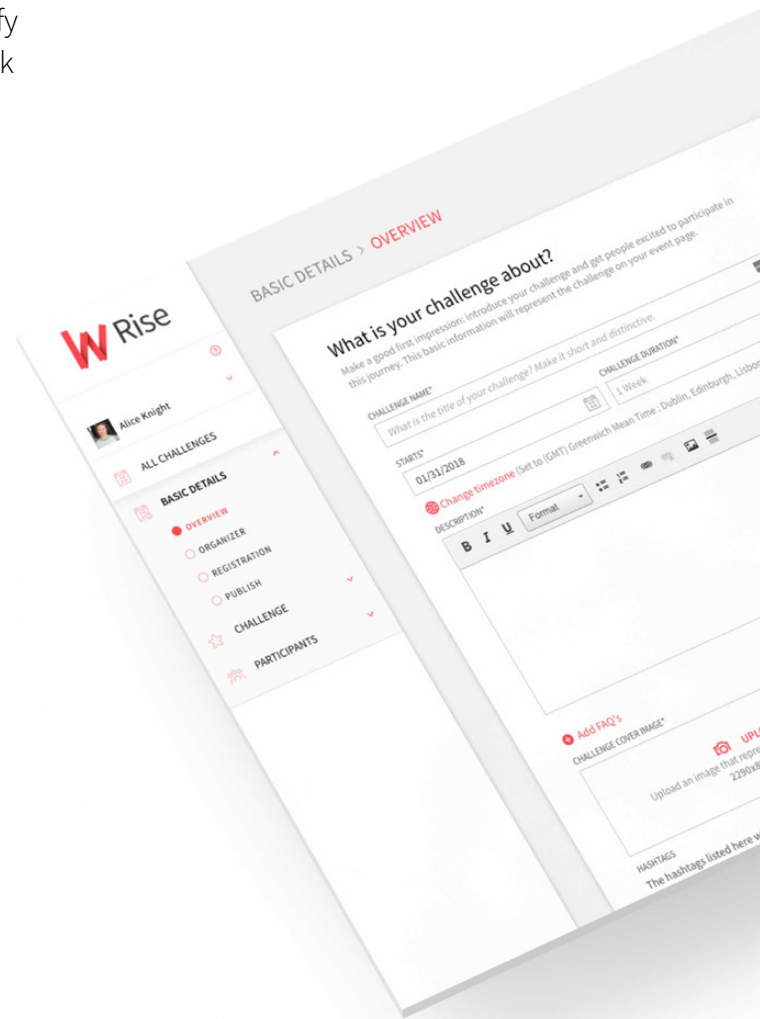

Wodify Rise is free to use for all free events. For paid events, organizers can pass along any fees to ticket buyers, so they pay nothing.

- **Hassle-free promotion**

Reach a select audience with targeted emails, hashtags, promo codes, and a custom event page. custom

- **Serious motivation**

Track participants' daily progress and encourage them to engage with the Wodify Rise app and live activity feed. Participants can upload measurements and photos, create a food journal, score completed tasks, view the leaderboard, and share feedback.

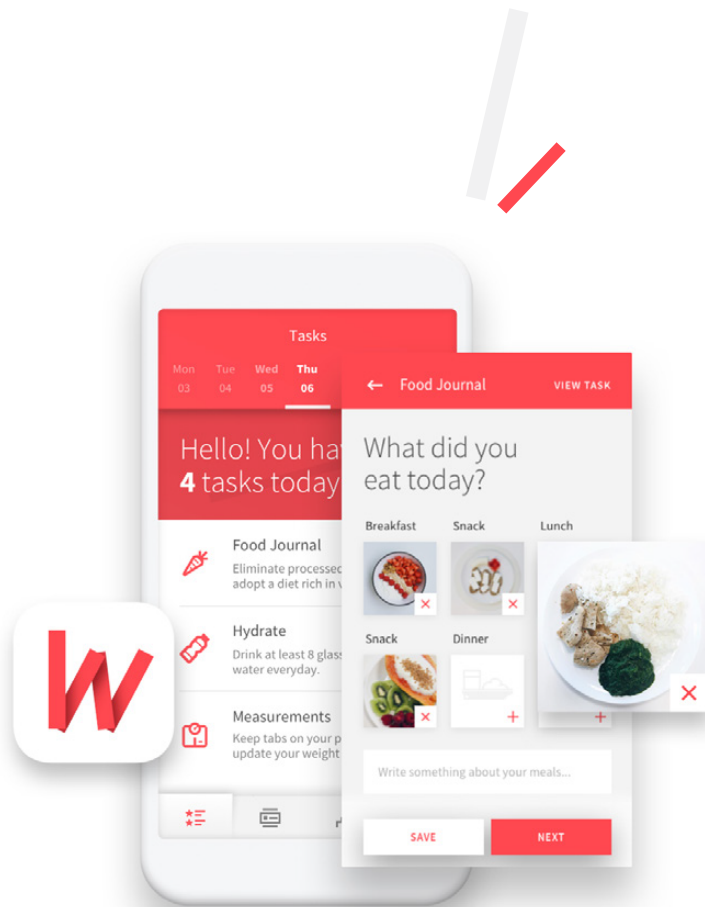

Wodify Rise: overview

Digital challenges are on the rise

“30-day challenge” searches have climbed 140% since 2013. Recognizing this opportunity, Wodify designed a tool that made it easy for gym owners to add an additional revenue stream. Lifestyle challenges through Wodify Rise are a fun and healthy way for gym owners

to build community and help members set and reach their goals, all while generating revenue for their gym.

Wodify Rise is part of Wodify Technologies' growing suite of performance-driven software products that have been revolutionizing the fitness industry since 2012.
